## Introduction from Judith Willetts

I am delighted to be taking up my post as the new Chief Executive and am very pleased to be introducing my first newsletter to you.

Firstly, I'd like to thank Nicky and the team for being so welcoming, helpful and for all their hard work. I have spent some valuable and stimulating time with Richard Heron and Julia Smedley and was fortunate to be able to meet many Board members when I visited the office last Wednesday. I am very much looking forward to being part of the team.

As I come to the end of my first week, it is still very much early days! I am delighted to be here and very enthusiastic about the opportunities we have to develop and grow the Faculty. I already have a full diary and am concentrating on getting up to speed as quickly as possible. I shall have the opportunity to meet some of you at upcoming meetings and hope to see a great many of you at the Manchester meeting in July.

These are interesting and exciting times. I shall report more fully in due course, but please don't hesitate to [get in touch](#) in the interim.
