Fellowship and Honours Committee—Correction to 13 November Newsletter

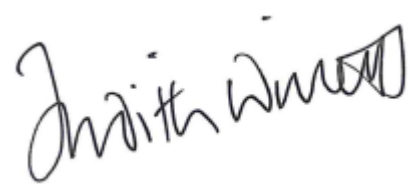

We would like to apologise for a number of factual errors that found their way into last week's newsletter. While the Faculty **is** seeking nominations for Fellowships and Honorary Fellowships, it is **not** seeking nominations for honours.

Fellowship is the Faculty's way of recognising those who have made a particularly significant contribution to the practice of occupational medicine or to the work of the Faculty. Therefore it is essential that those elected to Fellowship are appropriately exceptional. Please give careful consideration when applying for Fellowship or supporting applicants, who will be considered for this award, which will be made at the Faculty's Annual General Meeting in 2016. Fellows and Members are invited to look over the [information for candidates, proposers and seconders](#) for more details on the process.

Submission forms are available online for both [Fellowship](#) and [Honorary Fellowship](#) nominations, and additional information can be sought by contacting Sophia.Greaves@fom.ac.uk.

Again, I would like to reiterate that we are only seeking nominations for Fellowship and Honorary Fellowship of the Faculty—all other calls for nominations, including the information associated with those calls, were made in error.
