Please mark one of the circles for each component of the exercise on a scale of 1 (extremely poor) to 9 (extremely good). A score of 1-3 is below expected, 4-6 satisfactory and 7-9 is above that expected, for a trainee at the same stage of training and level of experience. You must justify each score of 1-3 with at least one explanation/example in the comments box, failure to do so will invalidate the assessment. Please feel free to add any other relevant opinions about this doctor's strengths and weaknesses.

### 1. Approach to the problem
- Not observed or applicable: 0 1 2 3 4 5 6 7 8 9
