[Workforce survey](#)

Please see the following message from David Coggon and send any feedback to: frances.quinn@facocmed.ac.uk by Wednesday 8 June 2011.

Dear all

Thank you so much to those of you who responded to the recent survey of UK Members and Fellows on work commitments. We had an excellent response, and the findings will be invaluable in planning our strategy on workforce planning and making the case to others for what we think is needed.

The findings are presented in the appendix to a draft report on workforce planning which you can access at: <http://www.facocmed.ac.uk/library/index.jsp?ref=944> (Username: workplace; password: health). We would be very interested in any comments or suggestions that you might have in relation to the report as a whole. Do you think we have got the arguments and proposed numbers right? As indicated above, please send any comments or suggestions via the Faculty office by Wednesday 8 June 2011. The report will then be revised in light of the comments, and taken to the Faculty Board meeting in July for final approval and follow-up actions.

At this stage, until the report has been back to the Board for further discussion and approval, the content is strictly for Faculty members only.

Best wishes

David Coggon

With best wishes

Nicky Coates
Chief Executive
